Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Dyspepsia I have been led by the suggestions made to me by a number of my dyspeptic patients, to print the accompanying pages, in the hope that a more rational view of this disease may be aided thereby. Any one who reads this with the expectation of finding some universal panacea recommended for the cure of every case, will be disappointed. My aim has been to point out as clearly and concisely as I can what dyspepsia is, why it is such a complicated disease, and what the rational indications are for its treatment. I do not claim originality for all my views, but that they are the conclusions that any reasonable physician will come to, who makes a special study of dyspepsia. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
