Black Dog Publishing London UK, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. The first comprehensive survey of the artist s practice to date, including Horton s major works Doctor Strangelove, Oracle, Sligo Heads and Drawing of A History of World War One. A predominantly visual monograph, the book traces Horton s multimedia practice, encompassing improvised sculpture, animation and set design?exploring, in Art Critic Matthew Higgs? words, ?the fundamental pleasures of making and unmaking? Horton s concern with issues of consumer culture?particularly in the field of film?has informed his experimentation with commonplace and everyday objects, and the limits of technology in relation to representation. He explores the conflicted relationship between high and low cultures, issues of translation, imitation and transformation, and his self-referential work reflects and draws on a dark personal sense of humour. The publication is supported by Jessica Bradley Gallery (Toronto), MacLaren Art Centre and The Southern Alberta Gallery.
