

Surgical Talk: Lecture Notes in Undergraduate Surgery (Hardback)

By Gerard Stansby Andrew Goldberg

World Scientific Pub Co Inc, United Kingdom, 2011. Hardback. Condition: New. 3. Language: English . Brand New Book. This textbook is an introduction and guide to undergraduate surgery. It has been a bestseller since its first edition in 2001. The philosophy of this book is to focus on the level of knowledge and the approach that would be expected of the better students reaching the end of their undergraduate training. Avoiding a book that is too cumbersome, we have tried to make this volume readable and enjoyable, using various techniques to help the reader remember key facts: the text has been deliberately written in a tutorial-like story format as opposed to a set of lists, since this makes it easier to understand and remember. In addition to general surgery, the book contains sections on trauma, orthopaedics, urology and ENT, making it the only comprehensive textbook for medical students wishing to learn top tips in surgery. Subjects that are poorly covered in other main texts - such as fluid balance management and minor surgical procedures - are dealt with in a tutorial fashion in this book, and there is a section on how to problem-solve even in the context of areas unknown to the...

Reviews

It is a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
