The State Trooper, Ex-Convict, and Murder is about a family living in America s heartland in the first year of the 21th century. This Indiana couple had the usual disagreements and arguments until one night in September 2000 when David Camm found his wife and two children dead in the family s garage. The David Camm family murders has everything the American public seems to find interesting and fascinating when reading or viewing a murder case: a white, middle-class, hard working family whose wife and two beautiful children are murdered in a comfortable, secure, and loving home. After two guilty verdicts are overturned by appeal courts, the third trial jury with limited information comes up with a different solution.
