Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Twelfth Annual Report on the Statistics of Railways in the United States: For the Year Ending June 30, 1899 The aggregate railway mileage on June 30, 1899, was miles, showing an increase of miles as compared with the previous year. This increase is greater than for any year since 1893. The States and Territories which show an increase in mileage in excess of 100 miles are Alabama, Arkansas, Georgia, Louisiana, Michigan, Minnesota, Pennsylvania, Texas, Arizona, New Mexico, and Oklahoma. Minnesota contributes an increase of miles, being greater than that of any other State; of this increase miles is due to the new construction of the Eastern Railway of Minnesota. There is nothing in the localization of this increased mileage which bears any peculiar significance, except it be that it is distributed in a fairly uniform manner throughout the country and thus indicates a normal and healthy growth. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
