Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - A key guide to delivering useful, usable content to online audiences, when and where they need it most, this handbook delivers the knowledge to plan for and implement a successful online content strategy. It shows designers which tools are available and how to use them to plan for, create, and govern online content. If your website content is out of date, off-brand, and out of control, you're missing a huge opportunity to engage, convert, and retain customers online. Redesigning your home page won't help. Investing in a new content management system won't fix it, either. So, where do you start Without meaningful content, your website isn't worth much to your key audiences. But creating (and caring for) "meaningful" content is far more complicated than we're often willing to acknowledge. Content Strategy for the Web explains how to create and deliver useful, usable content for your online audiences, when and where they need it most. It also shares content best practices so you can get your next website redesign right, on time and on budget. For the first time, you'll: * See content strategy (and its business value) explained in plain language * Find out why so many web projects implode in the content development phase .and how to avoid the associated, unnecessary costs and delays * Learn how to audit and analyze your content * Make smarter, achievable decisions about which content to create and how * Find out how to maintain consistent, accurate, compelling content over time * Get solid, practical advice on staffing for content-related roles and responsibilities 181 pp. Englisch.
