By Donaldson Bogart Dowling

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Southern Plains of Alberta The classic description of the southern plains of Alberta is to be found in the report by Dr. G. M. Dawson on the region in the vicinity of the Bow and Belly rivers. This report gives a wonderfully true interpretation of the geology of the region; and later and more detailed work has served to confirm in the main the earlier conclusions. In a few cases fuller information derived from sections encountered in bore-holes and from other sources has shown that minor modifications should be made in the correlation. It is the purpose of this report, mainly, to bring the facts recorded by the earlier observers into accord with the results of more recent work and with this purpose in view very full extracts from the old reports are reproduced. The rocks grouped under the name Belly River series were definitely determined to be beneath the Pierre shales. Though in appearance and on account of the fossils they contained they seemed to belong to a series of transition beds at the top of the Cretaceous. The Judith...
