Permanent Publications. Paperback. Book Condition: new. BRAND NEW, The Woodland House (2nd Revised edition), Ben Law, In 2003 Ben Law captivated the nation by building his woodland house on Channel 4s Grand Designs programme, the home was later voted the most popular Grand Design ever by viewers. The presenter, Kevin McCloud, loved the project so much that he has written the foreword to this book! A Grand Designs Revisited programme was aired on British TV in October 2005. Full of stunning colour photographs, The Woodland House is a visual guide to how Ben built his outstandingly beautiful home in the woods. It is also a practical manual, and the story of a man realising a lifetimes dream to build one of the most sustainable and beautiful homes in Britain. The Woodland House gives details of the evolving design process, the identifying of materials, costings, project management and the actual building. It proves that low cost, low impact and high aesthetics can go hand in hand and that it is possible to build green and affordably. As the pre-eminent UK example of building with wood and renewable materials this will also appeal to the growing number of people with environmental and green interests, as well as to the building community.
