FIELD MANUAL FM 6-0 MISSION COMMAND SEPTEMBER 2011 US ARMY

Createspace, United States, 2012. Paperback. Book Condition: New. 276 x 214 mm. Language: English . Brand New Book ***** Print on Demand *****.Field manual (FM) 6-0 is the Army s keystone manual for mission command. It presents overarching doctrinal guidance on command, control, and the mission command warfighting function. The doctrine in FM 6-0 provides a foundation for developing subordinate field manuals on specific aspects of mission command. FM 6-0 also forms the foundation for training and Army Education System curricula on the exercise of mission command in full spectrum operations. This edition of FM 6-0 reflects an evolved concept of mission command based on lessons learned from ten years of persistent conflict. It accounts for the complex, uncertain, and ever-changing nature of operations and recognizes that military operations are foremost a human undertaking. As such, this edition emphasizes the human dimension of mission command, including the central role of the commander. It describes how commanders, supported by their staffs, combine the art of command and the science of control to understand situations, make decisions, direct action, and lead forces toward mission accomplishment. This manual is organized into three chapters and two supporting appendixes. Chapter 1 discusses the fundamentals of mission command. First, it describes the general nature of operations in which commanders, supported by their staffs, exercise mission command. It then discusses mission command as a philosophy and as a warfighting function. Finally, it discusses how mission command contributes to operational adaptability. Chapter 2 addresses the mission command warfighting function. First, it defines the mission command warfighting function and describes its purpose. Next, it discusses the commander and staff tasks of the mission command warfighting function. The chapter concludes with a discussion of the mission command system. Chapter 3 addresses how commanders apply the art of command and the...
