*This kind of publication is every little thing and taught me to looking ahead of time and a lot more. It is packed with wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding.*  
*(Ida Herman)*

## GUNS OF THE ELITE FORCES (PAPERBACK)

[DOWNLOAD](#)

Pen Sword Books Ltd, United Kingdom, 2016. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Guns of the Elite Forces provides a penetrating account of the weapons that elite fighting troops carry into combat. Such elites have always existed in the armies of the world. During the Second World War, elite units sprang up in most theatres of conflict - the German Brandenburgers carried out clandestine operations in Poland; in the Western Desert, the Long Range Desert Group and SAS penetrated deep behind enemy lines; for larger-scale raids the British Commandos and the US Rangers and Marine Raiders were formed. In the last few decades, and particularly since 9/11, a very special sort of fighting man - a member of an international elite, his fighting skills finely honed - has risen to prominence. At Entebbe, Mogadishu and the Iranian Embassy in London, he has shown his mettle. At the crucial point, the operative must depend upon his gun. Bursting into a room to confront a terrorist, the raider must be sure his weapon will perform perfectly. At long range, precision is similarly essential. In this highly illustrated book, expert John Walter provides an overview of the weapons elite forces carry into action, as well as the guns their enemies wield. This is highly recommended to anyone interested in the arming of the elite forces of the military and civil powers around the world.
