Then this is the book for you. No psycho babble on how to raise your kids, only issues that you might relate to. Just pick from one of the many personalities in this book and find your child, or perhaps relate with mom on how she copes, (or doesn't cope) with the every day mayhem you experience with children from the teen years down to the toddler. If you think you're alone in all the battles you face as a mom, here's a book to show you that you're in good company.
