THE POLITICAL ECONOMY OF TERRORISM

To download **The Political Economy of Terrorism** eBook, please access the button under and save the file or have accessibility to additional information which are in conjunction with THE POLITICAL ECONOMY OF TERRORISM book.

Cambridge University Press. Paperback. Condition: New. 408 pages. Dimensions: 9.0in. x 6.1in. x 1.1in. The Political Economy of Terrorism: Second Edition presents a widely accessible political economy approach to the study of terrorism. It applies economic methodology - theoretical and empirical - combined with political analysis and realities to the study of domestic and transnational terrorism. In so doing, the book provides both a qualitative and quantitative investigation of terrorism in a balanced up-to-date presentation that informs students, policy makers, researchers, and the general reader of the current state of knowledge. Included are historical aspects, a discussion of watershed events, the rise of modern-day terrorism, examination of current trends, the dilemma of liberal democracies, evaluation of counterterrorism, analysis of hostage incidents, and much more. The new edition expands coverage of every chapter, adds a new chapter on terrorist network structures and organization, accounts for changes in the Department of Homeland Security, and the USA Patriot Act, and insurance against terrorism. Rational-actor models of terrorist and government behavior and game-theoretic analysis are presented for readers with no prior theoretical training. Where relevant, the authors display graphs using data from International Terrorism: Attributes of Terrorist Events (ITERATE), the Global Terrorism Database (GTD), and other public-access data sets. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
