Brand New Book ***** Print on Demand *****.A Consequence of Legitimacy examines the political interaction between the Roman emperor Domitian, the Roman senate, the province of Asia, the imperial cult, the Jewish population, and the emerging Christian population at the end of the first century AD. Surveying the first century from various points of view, Rhodes offers a fresh perspective on the relationship of Domitian to a persecution of Christians during his reign, an historical perspective that has implications for the date of the New Testament book of Revelation. Historians agree that Domitian and the Senate were in conflict, but they fail to identify the reason why, outside of blaming Domitian's character. However, by considering the nature of this relationship and the political interaction it produced, one can construct a series of spiraling events that held consequences for the Senate, for Domitian, and, though almost wholly unconnected to them, for Christians as well. In the pages ahead, I hope to explain adequately how these events transpired to produce these unintended consequences. The Senate resented Domitian's ascension to the Principate and considered him an illegitimate emperor. Domitian first sought to combat this by establishing legitimacy in those areas where the Senate noted his deficiencies, but he eventually realized that even these efforts would not appease them. Therefore, he sought legitimacy in his own way in a manner that could bypass the Senate and in a way in which they could not compete by approving a new temple for the imperial cult. However, Domitian's answer to his conflict with the Senate created unintentional consequences elsewhere, particularly for Christians in the province of Asia. As a result of Domitian's own attention to the imperial cult, a zealous...
