By Gene Brockhoff

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Growing up in Oakland during the late 70 s, Gene and Joe discovered they had an estranged criminally insane older half-brother whose nick-name was Squeaky. Their new pit-bull moved back home with them, and passed on his hunger for psychoactive drugs. By the time the disco decade ended the family moved up the road to Berkeley, where the powerful hallucinogen LSD floated down from the sky like little squares of psychedelic confetti. A ridiculous yet comical drug and crime spree followed, leaving trails of destruction behind. By the time vapid consumerism came to define the 80 s, the chaos of the brothers lives rivaled a Metallica mosh-pit. One brother jumped through a window during a bad acid trip.another wrecked all his cars.a third brother vanished and was presumed murdered. Desperate for change, Gene discovered Zen meditation; an unlikely panacea from a world so opposite from the one he knew. Even less likely, he discovered moderation is the key.
