Xlibris Corporation. Paperback. Condition: New. 154 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. Dr. Ahuva Goldenthal, the author of *Psychology of Mysticism*, *Kookshrek Anxiety* and the *Goldenthal Eye Drawing Diagnostic Imaging* writes this book in memory of her righteous parents Samuel Eliyahu Krell and Chava Szlak of blessed memory who showed her the way to other worlds through dreams and visions, and taught her how to communicate with departed loved ones. These journeys have helped her explore and learn the art of communicating with the energy of the universe and to use these energies for healing purposes. Ahuva learned about the powers of the eyes, how they produce images from the Web and Flow of Life, and the impact the eyes have on humans and animals. Through these explorations, Ahuva discovered a deeper understanding of the two divisions of the Web of Life and the Flow of Life. These journeys, along with the discovery of the Goldenthal Eye Drawing Diagnostic Imaging (GEDDI)-a testing and healing device-have helped keep her mother and many other people healthier and alive when medical experts failed to cure them. Her goal is to pass her messages to the spiritual believers and to the secular, skeptical, apprehensive population, and to bring closure and healing to those who seek truth, and those who suffer from the Kookshrek anxiety disorder. Ahuva helps children and adults to develop imagination through education, art, and hypnotherapy in order to improve behavior and to change delusions into profound artistic growth. Clients that seek understanding about their bizarre energetic powers of their eyes that bring forward existing images from the universe-not necessarily seen by others learn about the spiritual aspect of visions, and that helps them deal with their dilutions that overpower the mind. Ahuva remembers as a little girl sitting next to her mother...
